Click on 'Apply for Membership'

The site is tied to the AMEDDC&S Knowledge Exchange (KE). If you already have a profile (user ID and Password) created in the KE, use that same information as your login. If you do not have a KE profile, go to number 3 and follow the procedure listed. (NOTE: this is the KE and not the AKO.)

- 3. If you do not have a
 Knowledge Exchange
 profile (user ID and
 password), then follow
 the new user link and
 complete the profile. You
 will need the login
 information for each time
 you access the COP, so
 you might want to record
 it in an easy accessible
 place.
 - You will receive an email notification clearing you to enter the site.

Medical Executive Competency Review

Welcome

Welcome to the Medical Executive Education Competencies Review Community of Practice. Membership to this community is limited to persons invited to attend and participate in the competency review.

Login Procedures

This community has been established for those individuals attending the Medical Executive Education Competencies Review (MEECR). If your attendance for the MEECR has been confirmed by your Service or Agency and/or JMESI, please proceed with the login. Click the "Create Profile" link and follow the instructions. You will receive an email from the MEECR Community of Practice Facilitator acknowledging your entrance into the community. The POC is Steven Tucker

Navigating the Site

Before You Arrive

Welcome to the Alamo City! If you've ever visited San Antonio before, you are aware of the numerous sights and opportunities to experience. With the tremendous growth taking place in the city, there is constant change. To make your visit as smooth as possible we'd like to give you a few important notes. Just as San Antonio is undergoing change, so is Fort Sam Houston. Multiple construction projects occuring simultaneously can make travel tedious-especially if you are not aware of road and gate closures. There are three gates opened for visitors arriving to the installation. They are: The Binz-Engleman Gate, the Walter's Gate, and the Harry Wurzback Gate. Please plan your route of travel to gain access at one of these three gates. For directions to any of these gates click on the Maps & Directions link. You will also find a link containing additional information regarding points of interest within the city of San Antonio.

Fort Sam Helpful Tips

This link give information on gate access, obtaining a visitor's pass, valid forms of ID, installation cell phone policy, and parking information.
